1. Introduction

Widler & Schiemann AG (WSQMS in the following) is a GxP consulting company with international operations in the Switzerland and China (PRC). WSQMS provides strategic drug development consulting, QA and QMS solutions in the GxP space supporting life sciences companies in the process of developing new medicines.

At WSQMS the privacy and security are of paramount importance. WSQMS is committed to protecting the data you share with us. This privacy policy explains how WSQMS processes information that can be used to directly or indirectly identify an individual (“Personal Data”) collected through diverse channels.

All information is stored securely and is accessed by authorized personnel only. WSQMS implements and maintains appropriate technical, security and organizational measures to protect Personal Data against unauthorized or unlawful processing and use, and against accidental loss, destruction, damage, theft or disclosure.

2. General Principles

With regards to Personal Data, and following the European General Data Protection Regulation (2016), WSQMS operates on the following principles:

- a) the fair and transparent collection and processing of Personal Data;
- b) the legitimate interests pursued by WSQMS in the context of providing its services;
- c) the protection of Personal Data from data breach through technical measures (e.g. data encryption) and organizational measures (e.g. only authorized users are given password-protected access);
- d) the rights of individual data subjects to view, export, correct, and/or delete what data we hold on that data subject on request by that data subject, unless contradicted by country laws of Switzerland or other applicable country laws where WSQMS has operational entities;
- e) the immediate notification of Personal Data breaches to data subjects;
- f) the provision of appropriate safeguards and adequate protections for Personal Data transfers to third countries.

3. Collection and use of Personal Data

3.1. WSQMS communication and business partner contact data

WSQMS collects personal contact details such as name, e-mail address, postal address, phone number, organization name when entering or having entered a business relationship but for the purposes of providing the individual with information and updates on WSQMS’s products and services, for example via delivery of press releases, receipt of the WSQMS *Newsletter* or invitations to events we only store name and e-mail address.

3.2. Human Resources data
